Subject: FY16 FYRs - some with moved up dates.

All (except for Margaret!),

Below is a list of the FY16 FYRs due for our section's sites. Please note that some due dates were moved up by Bonnie E. to facilitate a smoother workload and to eliminate September due dates. The moved up dates are now the FYR due dates for the moved-up sites. Please plan accordingly.

Ross – You have two FYRs due on the same day; however, I understand that you'd be aiming to complete the Lower Ecorse Creek site FYR ahead of time to avoid a simultaneous submittal. Bonnie is aware but saw no need to officially move one up over the other.
